

Spring & Summer MBA & GRADUATE INTERNSHIPS IN SOCIAL ENTERPRISE & Impact INVESTMENT

UPSPRING is a consulting firm (registered B Corp) providing business driven ‘triple bottom line’ results – generating financial, social, and environmental returns. We enable for- and non-profit entrepreneurs, both in the U.S. and around the world, to put ideas into action.

We are seeking Interns to help social enterprises increase their sustainability, scale-up and advance towards success.

INTERN POSITIONS

Internships are available now and for the summer - full time, part-time or project-based. Example engagements:

1. Create a business plan, financial projections and funding plan for a construction company that employs young Native American young adults in rural New Mexico, with Ohkay Owingeh Housing Authority, www.ohkayowingehhousingauthority.org.
2. Assist in capital raising for triple bottom line start-up companies.
3. Facilitate online crowdfunding and social media campaigns for young social enterprises.

IDEAL CANDIDATES

Successful interns are self-starters who fearlessly delve into new terrain. Candidates should be flexible, good thinkers and organized. Strong written and verbal skills required. Internships are either in New Mexico or de-centralized / virtual (i.e. outside an office). These real world, practical learning opportunities help organizations improve. Strong interns may be offered paid gigs.

HOW TO APPLY

Applications are accepted on a rolling basis. An internship is tailored as much as possible to applicants’ skills and learning goals, matched with specific projects available. Applicants should be clear about their timeline and realistic about availability.

Email resume & cover letter in a single document to the address below. Include your strengths, learning goals, and something fun about you in the cover letter.
